**- Art with water - Krause®-Brunnen since 1979.**  
Fountains and mobiles for your garden and home manufactured by Peter Krause, graduated designer. Harmonic design, matured construction as well as excellent workmanship and well planned water-course show you the element of water in its most beautiful form. This product information and price-list gives answers to all your questions regarding your favourite fountain and its accessories.

**Your guide through this list:**

Art.-No.: = 11D04: 11 = Fountain group, D = diameter of bowls,  
 4 = number of bowls  
 i = also suitable for indoors / terrace.  
 i = manufactured for indoors / terrace.  
 [11.4] = Catalogue page 11; the 4th picture.  
 b = volume level / floating noise; see page 4.  
 [70] = app. visible height in basin above water level.  
 [105H] = total height including ground-plate of fountain.

☒ = fitting pump for fountain  
 WA60 = Water basin with cover, ø60cm, suitable for decorating with pebbles.  
 B = illumination for fountain with transformer, 12V  
 BA = Electric installation, the nearly invisible, perfect and most economic solution for the electric installation next to the fountain. Sensor light control.  
 K = Copper-animals are the final touch on every fountain. Also suitable for decorating your garden. Please visit the "zoo" on catalogue pages 18-19.
